Risk Assessment and Science Support Branch
Antimicrobials Division (7510C)

DP Barcode:	D247616	Submission#:	S2545496
A.I Chemical:	Zinc Omadine	PC Code:	025601
Registrant:	International Paint, Inc.	MRID#:	445872-09

Background:

The Study "Zinc Omadine Leach Rates From Four Ecoloflex Paints in Synthetic Seawater" was submitted to the Agency for review by International Paint, Inc. ((6/98). This study was submitted as an Interim Report. It is Agency's policy that no DERs are created on Interim reports, this action is returned without conducting any reviews. RASSB requests the Regulatory Management Branch to close out the submission. In addition, registrants have submitted a final report on this study.
