OFFICE OF  
PESTICIDES AND TOXIC  
SUBSTANCES

MEMORANDUM

SUBJECT: BASF Corp.: Vinclozolin Consumer Practice Study:  
(MRID #'s 42305600 and 42305601, CBRS # 9885, Barcode No. D178220, Chemical Code No. 113201.)

FROM: R. B. Perfetti, Ph.D., Chemist  
Reregistration Section I  
Chemistry Branch II: Reregistration Support  
Health Effects Division (H7509C) *R B Perfetti*

THRU: E. Zager, Chief  
Chemistry Branch II: Reregistration Support  
Health Effects Division (H7509C) *Edward Zager*

TO: S. Lewis, PM 21  
Fungicide-Herbicide Branch  
Registration Division (H7505C)

BASF Corp. has submitted a Consumer Practice Study to indicate that washing and drying reduces the surface residues of vinclozolin on fruits and lettuce. CBRS wishes to thank the Registrant for the study and we will examine it, if necessary, at such time as the risk assessment is performed at reregistration. Until that time however we are returning the package to the PM.

Please advise us if there is a reason that would engender the need for an earlier assessment.

cc: RBP, Vinclozolin FIFRA '88 File, Vinclozolin Subject File, Circ. and RF.
