BASF Corporation is requesting a time extension on the reporting commitment for the bioaccumulation in fish study for vinclozolin.

In a telephone conversation with Margarita Collantes, Reregistration Branch, SRRD, on Friday, November 13, 1992, it was verified that SRRD had previously granted the requested time extension, and the study is now due on July 3, 1993. Therefore, no further action is required from EFGWB at the present time related to the time extension request for the bioaccumulation in fish.
