1.0 INTRODUCTION

1.1 CIBA-Geigy is requesting an amendment to their Ridomil 2E label to add use on bearing citrus. Ridomil 2E is currently registered for control of blue mold and black shank of tobacco, Phytophthora foot rot and root rot of non-bearing citrus.

2.0 DIRECTIONS FOR USE

See attached label.

3.0 CONCLUSIONS AND RECOMMENDATIONS

3.1 EFB concurs with the proposed addition of bearing citrus to the Redomil 2E label, since the environmental fate data requirements for orchard use have been satisfied.
