Registration Division

FROM: Douglas Urban, Acting Chief
Ecological Effects Branch
Environmental Fate and Effects Division

Douglas Urban
9/25/92

EEB has reviewed the data package sent by Ciba-Geigy to amend Apron 25W's label and rotation restrictions. EEB has reviewed the proposal to amend the label heading of "Grain Crops" to "Cereal Grains" to coincide with the proposed tolerances.

This label change does not include any change in the use crops or application rates; therefore, EEB approves the label change of "Grain Crops" to "Cereal Grains" for Apron 25W.

The following BEAN Sheets were part of the data package; EEB does not review petition for revised tolerances or rotation restrictions. These are being returned with no attached reviews: D171832, D171834, D171837.

Questions regarding this matter, please contact Dana Lateulere, 305-5365.
