OFFICE OF
PESTICIDES AND TOXIC SUBSTANCES

MEMORANDUM OCT 28 1982

TO: William Miller (16)
 Registration Division (TS-767)
 and
 Residue Chemistry Branch
 Hazard Evaluation Division (TS-769)

THRU: Orville E. Paynter, Ph.D.
 Chief, Toxicology Branch
 Hazard Evaluation Division (TS-769)

SUBJECT: PP#2H5349; Safrotin in food handling establishments;
 Resubmission of revised Section F
 CASWELL#706A

Recommendations:

1. The revised Section F is acknowledged.
2. The requested tolerance and label uses are not toxicologically supported.
3. The additional data requested in memo of 8/2/82 from W. Dykstra to W. Miller are required to support the requested uses.

Review:

1. Section F

Proposed Food Additive Tolerance

It is proposed that 21 CFR Part 193 be revised to include the following propetamphos food additive tolerance:

193. - propetamphos

Tolerances of 0.1 part per million are hereby proposed for residues of the insecticide propetamphos in food commodities exposed to the insecticide during treatment of food handling establishments.

2. No new toxicity data were submitted.

3. Additional data previously requested in memo of 8/2/82 from W. Dykstra to W. Miller are required.
