Action Requested:

Review corrections of data under EPA Accession No. 250782. Eleven pages were corrected by the registrant, due to mathematical errors in estimated risk for use of Banner on turf (see attached cover letter from R. Conn to H. Jacoby, 10/7/83).

Action Taken:

The corrected data were incorporated into the parent document (Accession No. 250782), and we are therefore returning (attached) the Data Review Record.
