M. van Gemert
5/5/88

and

Theodore M. Farber, Ph.D., D.A.B.T.
Branch Chief
Toxicology Branch (TS-769C)

W. Farber

EPA Record No. 214647

Project No. 8-0605

Tox. Chem. 554C

Background:

This action covers a clarification submitted by the registrant February 5, 1988 regarding the solubility and osmolality limit of FMC 102032 in a CHO/HGPRT study.

Comments and Recommendations:

1. In a Toxicology Branch review of March 2, 1988 (copy of the cover memorandum attached) it was noted that "the material reviewed includes additional information submitted by the registrant February 5, 1988." No further review is required.
