OFFICE OF
PESTICIDES AND TOXIC SUBSTANCES

MEMORANDUM

SUBJECT: PP#7F3476/FAP#7H5524. RALLY™ (Myclobutanil)
Confirmation of PMV Request.
RCB No.: N/A. MRID No.: N/A.

FROM: Maxie Jo Nelson, Ph.D., Chemist
Tolerance Petition Section I
Residue Chemistry Branch
Hazard Evaluation Division (TS-769C) *mjn*

THRU: Charles L. Trichilo, Ph.D., Chief *KHArne for*
Residue Chemistry Branch
Hazard Evaluation Division (TS-769C)

TO Donald A. Marlow, Chief
Chemical Operation Branch
Benefits and Use Division (TS-768)

This is in follow-up to our conversation of April 14th, and is to confirm that RCB is requesting COB/BUD initiate at this time the PMVs on Rally™ for:

1. TR 31S-87-02 Diol Metabolite in Milk
2. TR 31S-87-09 Free RH-9090 in Beef Liver and Milk

The details of these requested PMVs are in RCB's memo to you dated 1/11/88. I understand (telecon with R. Jackson, ACL, 4/12/88) that COB does have copies of both these methods on hand for use in conducting the PMVs.

I also understand from talking with you that ACL projects a June completion date for both these PMVs. If there should be a major timeframe slippage on this, please let us know.

cc: RF, Circ, PP#7F3476, PMV File, M. Nelson, L. Rossi (PM 21), H. Jacoby (HED), R. Thompson (RTP-NC), K. Kissler (BUD), W. Bontoyan (BUD), E. Eldredge (PMSD).
