21st Century Toxicology Workgroup Teleconference / Meeting Agenda

Time: 2:00 - 4:00 p.m. (Eastern Time)

Conference room: 12253 Potomac Yards South

Summary: On September 15, 2011, the PPDC subcommittee 21st Century Toxicology/New Integrated Testing Strategies Workgroup met. The key discussion topics included the introduction of a new workgroup member (Valentin Sanchez), the activities of the workgroup following the Workshop, and the October 11, 2011 Stakeholder Workshop on “Diagnostic Tools and Biomarkers in Pesticide Medical Management, Exposure Surveillance, and Epidemiologic Research”.

Attendees: Caroline Cox, Cheryl Cleveland, Erik Janus, Matthew Keifer, Amy Liebman, Joel Paterson, Gary Patterson, Virginia Ruiz, Valentin Sanchez, Dave Tamayo

EPA Staff: Jennifer McLain, Elaine Cohen-Hubal, Abigail Downs, Aaron Niman, Mary Manibusan

Notable Issues/Actions/Commitments

- Introduce new member – Valentin Sanchez from the Oregon Law Center.
- Future of the workgroup- Erik Janus brought up the Toxicity Testing ring diagram as a reference point for moving forward following the workshop. Suggested “current and prospective toxicity tools” as a good place to start the discussion.
- Discuss on logistics for upcoming October 2011 FACA/Stakeholder Meeting on Biomarkers – The workgroup is looking forward to the workshop. There was some discussion on the composition of the panel.
- The workgroup decided that we will meet at lunchtime on Thursday, October 13.
Agenda: 1) Debrief of the workshop 2) Plan activities for next year.

November 30 Meeting Agenda

- The next teleconference is scheduled for Wednesday, November 30, 2011 from 2:00 pm to 4:00pm EST. Topics will include the future activities of the workgroup as well as the establishment of the 2012 workgroup calendar.
