# PPDC IPM WORKGROUP

## **Objective**

The workgroup provides advice to the Agency on:  
(1) the development of metrics to assess the effectiveness of the new School IPM initiative and  
(2) on appropriate ways to assess quantitatively the benefits of IPM in agriculture, public health settings, and schools; and (3) other issues relating to the promotion and use of IPM that the Agency brings to the workgroup.

# PPDC POLLINATOR PROTECTION WORK GROUP

## Objective

- The workgroup will provide advice to EPA on pollinator protection related to the following themes: 1) initial, science based risk management approaches including appropriate label restrictions and training; 2) development of information on State approaches and authorities; 3) transfer of lessons learned by various stakeholders to improve existing management practices; 4) continuing international communication; and 5) other issues the Agency wishes to bring to the workgroup's attention.
