RE: Steele CountyXL Community Pilot Proposal

Dear EPA,

Attached please find The Steele CountyXL Community Proposal which we are submitting to EPA for Community XL Program consideration, selection, nomination and acceptance.

The following documentation includes the Proposal Consideration Summary, our proposal which outlines and addresses the 9 critical criteria as required for project selection and copies of letters of project support from both direct participants and community stakeholders.

We look forward to partnering with both EPA and the Minnesota Pollution Control Agency in developing a true community XL program that will provide **community sustainability** and a **model for the rest of the country to follow**.

Sincerely,

Dennis J. Serphen, CHMM

Steele County CommunityXL Project Chairperson
