**RE: International Paper XL Proposal: Effluent Guidelines**

The company has elected to remove the solid waste component from their XL proposal. According to Stephen Groves of IP, their final proposal consists of:

- . The December 1998 draft proposal (–but without the solid waste portion)
- . The BMP crosswalk from the June 1, 1999, data submittal
- . The revised permit limits chart from the June 1, 1999 data submittal.
