## LOCAL STAKEHOLDER INVOLVEMENT PLAN

The following plan has been developed to provide local stakeholders the opportunity to participate in the development of the Final Project Agreement (FPA) for Project XL. For the purposes of this plan, the University of Massachusetts-Amherst is not included until it is confirmed that UMass-Amherst will be an XL Participant. The plan is categorized according to each XL Participant's site and describes:

1. Identified local stakeholders
2. Communications strategies
3. Individual or group meetings that have occurred
4. Future date (or week) of open meeting
5. Future date (or week) of meetings with other relevant stakeholders

### I BOSTON COLLEGE

1. The following local stakeholders have been identified to date:

- John Madden, Chemistry Department Administrator
- Rebecca Tobin, BC student representative
- *Bob Capadona* ~~James Sullivan~~, Advanced, Environmental Technical Services (AETS)
- Asst. Chief Joseph LaCroix, Newton Fire Department
- Lieutenant Michael Castro, Newton Fire Department, *LEPC*
- Karen Rondeau, Mass. Water Resources Authority
- Capt. Thomas Scavitto, Boston Fire Department

2. To notify other Stakeholders and interested parties of the FPA development process, the following actions have been implemented:

- The local stakeholders identified above were invited to attend a meeting to discuss the XL Project
- Information on the project is available on the university web page at www.bc.edu/ehs
- A newspaper article in the "BC Eagle" dated 12/98 which described the project and solicited input. The paper has a circulation of 9200 and is distributed to *BC Employees*

3. Meetings have been held to review the XL Project with:
  - the local stakeholder group (Madden, Sullivan, Castro and Rondeau attended) met January 13, 1998 to discuss the project

*Students & Visitors  
Neighbors  
Local elected & appointed officials  
Alumni  
Donors*

08/28/98

- Financial Vice President
  - Academic Vice President
  - Dean + Assoc. VP for Research Faculty in
  - representatives from the Chemistry and Biology Departments
  - Boston College Safety Committee
  - Univ. Env. Health +
