

US EPA ARCHIVE DOCUMENT

September 30, 1999

Gregg Cooke, Administrator
Region 6
United States Environmental Protection Agency
1445 Ross Ave., Suite 1200
Dallas, TX 75202-2733

Dear Greg:

Please find attached two draft documents from the new Houston Project XL Stakeholders Group. I am pleased to report that we reached consensus on these at our meeting yesterday in Houston. They now will be brought back to each potential signatory for review and signing. I expect you may find minor changes upon their formal submission. However, I do not think the changes will be significant.

The group authorized me to submit these and gave permission for their posting on the EPA website, though please understand that these drafts have not yet been approved by the boards of the signatory groups. We expect that to occur over the next 3 weeks.

We all believe this to be a very exciting project which will be critical to closing the gap to attainment in the Houston region. We respectfully request that Region 6 and Office of Reinvention reserve an XL spot for this innovative effort.

Thank you for your continuing help in this project.

Sincerely,
DENVER RESEARCH GROUP
