Dear Pam:

Enclosed with this letter is MSD's "Project XL Final Report" which reports on the project activities for 2006 and 2007 (YTD) and summarizes the entire 5 year project. This report will also be posted to our project website: www.msdlouky.org/insidemsd/pretreat_projectxl.htm.

MSD appreciated having the chance to lead this innovative and award winning project. With the expiration of our regulatory authority for this project, MSD has transitioned back to our former pretreatment program approach for this sewershed.

After you have had a chance to review the report, please call me at (502) 540-6744 if you would like to discuss.

Sincerely,

Sharon Worley, P.E.
Project Manager
