Division Director (3AP00)

Reference: Federal NSPS, NESHAP  
and MACT Regulations  
Incorporated by Reference

Dear Ms. Esher:

On December 6, 2013, the State Air Pollution Control Board adopted a revision to the Regulations for the Control and Abatement of Air Pollution. A copy of the revision is attached and became effective on July 1, 2014.

The revision consists of amendments which incorporate into the state regulations all New Source Performance Standards (NSPS), National Emission Standards for Hazardous Air Pollutants (NESHAP), and National Emission Standards for Hazardous Air Pollutants for Source Categories (MACT standards) which were published in final form in the Code of Federal Regulations dated July 1, 2013.

The revision is being provided in order for the department to retain its authority to enforce the NSPSs and NESHAPs under the delegation of authority granted by EPA on August 27, 1981 (46 FR 43300), and to enforce the MACT standards under the delegation of authority granted by EPA on January 26, 1999 (64 FR 3938) and January 8, 2002 (67 FR 825). Also, the regulation revision should not be construed as a revision to the Commonwealth of Virginia State Implementation Plan.

The department intends to enforce the federal standards in conformance with the delegation of authority identified in the previous paragraph. This fulfills the department's obligation to enforce the standards.

If you have any questions or need additional information, please let me know.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael G. Dowd". The signature is fluid and cursive, with the first name being the most prominent.

reporting, recordkeeping, and other administrative costs required for small businesses to comply with the regulation, including the type of professional skills necessary for preparing required reports and other documents; (iii) a statement of the probable effect of the regulation on affected small businesses; and (iv) a description of any less intrusive or less costly alternative methods of achieving the purpose of the regulation. The analysis presented above represents DPB's best estimate of these economic impacts.

Agency's Response to Economic Impact Analysis: The agency concurs with the economic impact analysis completed by the Department of Planning and Budget.

Summary:

*Chapter 644 of the 2013 Acts of Assembly removed the mandate that the Board of Education promulgate regulations to provide a process whereby school divisions may submit proposals for the consolidation of school divisions to the Board of Education. This action repeals the associated regulations as unnecessary.*
