Dear Mr. ~~Eichler~~:

We are pleased to submit our complete application for Final Authorization to administer and enforce the Delaware hazardous waste program. It has been developed to be equivalent to the program defined by Subtitle C of the Resource Conservation and Recovery Act.

I am pleased that Delaware is the "First State" in U. S. Environmental Protection Agency, Region III that is submitting this application for full authorization to permit hazardous waste facilities. This authorization to administer and enforce the full hazardous waste program will assure that the interest of Delaware industry and citizens are better represented by the "First State."

We believe that this submittal satisfies all the requirements of Resource Conservation and Recovery Act. I look forward to your approval to implement this key program in Delaware.

Sincerely,

Pierre S. du Pont
Governor
