Dear Mr. Bentley:

Please replace the authorization application, dated May 31, 2007 with the enclosed revised Application for Revision Package #3. The changes conveyed in your memo of November 30, 2007 and subsequent e-mails have been made. The two minor typographical errors recommended, but not required in the Legal Statement, have not been made. As we discussed, the regulation citation of the second inconsistency pointed out in your memo is 264a(a)(1), (a)2, and (a)3; that deletion has been made in the application letter. The Supplement to the Program Description Program Revision III, 2005 is also enclosed. These documents should clear the way for your agency's formal approval of the federal authorization of the components in the complete application.

Best Regards,

D. Richard Shipman, Chief  
Division of Hazardous Waste Management
