Re: Application for Revised Authorization
Virginia Hazardous Waste Management Program

Dear Mr. Campbell:

I am pleased to submit the Commonwealth of Virginia's application for revised authorization for the Virginia Hazardous Waste Management Program. This application includes a Program Description, an Attorney General's Statement, and a Memorandum of Agreement, all with attachments. Copies of all applicable statutes and regulations are attached to the Program Description. The Attorney General's Statement has been signed by Senior Assistant Attorney General Roger L. Chaffe on behalf of Attorney General Mark L. Earley.

On December 18, 1984, the Commonwealth received final authorization for its base hazardous waste management program. Since then, the Commonwealth's statutes and regulations have been updated many times to further protect its citizens and the environment. This application has been developed to demonstrate Virginia's equivalency with the federal program, as defined by Subtitle C of the Resource Conservation and Recovery Act.

I look forward to your approval to continue the implementation of this vital program in the Commonwealth.

Very truly yours,
