Re: Application for Revised
Authorization, Virginia Hazardous
Waste Management Program,
Program Revision V

Dear Mr. Garvin:

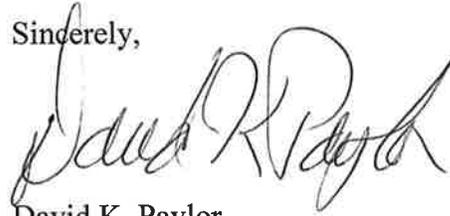

On July 3, 2008 (73 FR 44168), the Commonwealth received approval of Program Revision IV to its hazardous waste management program. Since then, the Commonwealth's regulations have been updated to include federal regulatory changes. This application, Program Revision V, addresses certain changes occurring between July 1, 2006 and December 31, 2010. It has been developed to demonstrate continuing equivalency of Virginia's program with the federal program, as defined by Subtitle C of the Resource Conservation and Recovery Act. No change in the Program Description or Memorandum of Agreement is necessitated by these changes.

As required by 40 CFR Part 271, this application includes the following:

1. Attorney General's statement.
2. Demonstration of adequate authority for the Virginia Hazardous Waste Management Program, including changes to the federal RCRA program through December 31, 2010.

If you have any questions or need additional information, please let us know.

Sincerely,

A handwritten signature in black ink, appearing to read "David K. Paylor". The signature is fluid and cursive, with a large initial "D" and "P".

David K. Paylor
