Re: Application for Revised
Authorization, Virginia Hazardous
Waste Management Program,
Program Revision V--Supplement

Dear Mr. Garvin:

On April 2, 2012, the Commonwealth submitted Program Revision V, which addresses certain changes occurring between July 1, 2006 and December 31, 2010. It was developed in order to demonstrate continuing equivalency of Virginia's program with the federal program, as defined by Subtitle C of the Resource Conservation and Recovery Act.

As requested by your staff, the following information in support of the original submittal is being provided under this letter:

1. Revised delegation letters from the Office of Attorney General.
2. A corrected demonstration of adequate authority for the Virginia Hazardous Waste Management Program, including changes to the federal RCRA program through December 31, 2010.
3. A revised final regulation document.

If you have any questions or need additional information, please let us know.

Sincerely,

David K. Paylor
