UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
REGION 5
77 WEST JACKSON BOULEVARD
CHICAGO, IL 60604-3590

JUL 7 5 2013

REPLY TO THE ATTENTION OF:

Steve Botts
Director of Environmental Management
G&K Services, Inc.
5995 Opus Parkway
Minnetonka, Minnesota 55343

Dear Mr. Botts:

On June 18, 2013, the U.S. Environmental Protection Agency received a synthetic minor permit application and a part 71 operating permit application for G&K Services, Inc., located in Green Bay, Wisconsin. We are writing to inform you that the EPA has completed its review of both applications and to document the completeness determination for both.

Pursuant to 40 C.F.R. §§ 49.158 and 71.5, we have determined that the information submitted in the June 18, 2013, permit applications and in a subsequent letter we received July 18, 2013, is administratively complete. Please be advised that this application completeness determination does not constitute a thorough evaluation of the merits of the application. If we determine that additional information is necessary to evaluate or to take final action on either application then we may request additional information from you and require your response in a reasonable time period.

If you have any questions, please contact Michael Langman, of my staff, at (312) 886-6867. We look forward to working with you as we prepare both permits.

Sincerely,

A handwritten signature in black ink, appearing to read "G. Czerniak", written over the typed name.

George T. Czerniak
Director
Air and Radiation Division
