

Handling Household Hazardous Waste in Nassau County

People can be exposed to dangerous chemicals when cleaning up flooded homes and disposing of damaged household items. The U.S. Environmental Protection Agency continues efforts to collect household hazardous waste from neighborhoods damaged by Hurricane Sandy flood waters. EPA and their contractors will continue to drive streets of impacted areas to conduct curbside pickup of household hazardous waste through the month of November. In some cases, the EPA may have already completed this work in your neighborhood. If so, please contact your local Sanitation Department to determine when the next drop-off date will be. Or you may bring your household hazardous waste from 8 a.m. to 3 p.m. to:

*101 Bethpage-Sweet Hollow Road,
Old Bethpage, NY 11804*

Curbside pickup is taking place in and around the following communities in Nassau County:

- | | |
|---------------|------------|
| Baldwin | Lawrence |
| Barnum Island | Lido Beach |
| Bay Park | Long Beach |
| Bellmore | Massapequa |
| Cedarhurst | Merrimack |
| East Rockaway | Oceanside |
| Freeport | Seaford |
| Hewlett | Wantagh |
| Inwood | Woodmere |
| Island Park | |

Please stack items in cardboard boxes or plastic tote bins for easy identification and separation.

If you have a heating oil tank (or other large source of oil/chemicals) that has leaked a significant amount of oil or chemicals into your basement or yard, report the spill to the **NYSDEC Oil and Hazardous Materials Spills Hotline at 1-800-457-7362** if you have not already done so.

For more environmental information, contact:
EPA: George Zachos, Regional Public Liaison
888-283-7626
