Approval and Promulgation of Implementation Plans and Part 70 Operating Permits Program; State of Missouri

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed action.

SUMMARY: EPA proposes to approve revisions to the Missouri State Implementation Plan (SIP) and part 70 Operating Permits Program. EPA is approving revisions to Missouri's Definitions and Common Reference Tables rule and Operating Permits rule. These revisions will strengthen the SIP with respect to attainment and

maintenance of established air quality standards, ensure consistency between the state and Federally approved rules, and ensure Federal enforceability of the state's air program rule revisions pursuant to both section 110 and part 70.

In the final rules section of the **Federal Register**, EPA is approving the state's submittals as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no relevant adverse comments to this action. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated in relation to this action. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed action. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

DATES: Comments on this proposed action must be received in writing by April 23, 2001.

ADDRESSES: Comments may be mailed to Wayne Kaiser, Environmental Protection Agency, Air Planning and Development Branch, 901 North 5th Street, Kansas City, Kansas 66101.

FOR FURTHER INFORMATION CONTACT: Wayne Kaiser at (913) 551–7603.

SUPPLEMENTARY INFORMATION: See the information provided in the direct final rule which is located in the rules section of the **Federal Register**.

Dated: January 17, 2001.

Mining Claims Under the General Mining Laws; Surface Management

AGENCY: Bureau of Land Management, Interior.

ACTION: Proposed rule; proposed suspension of rules.

SUMMARY: The Bureau of Land Management (BLM) proposes to suspend final regulations published on November 21, 2000, that amended the rules governing mining operations involving metallic and some other minerals on public lands. A suspension would provide the BLM an opportunity to review some of the new requirements in light of issues plaintiffs raise in four lawsuits challenging the rules and in light of issues the Governor of Nevada and others have raised since the final rules were published. BLM has concerns about substantial policy and legal issues raised in the lawsuits and wants to resolve such concerns before implementing a new regulatory program. To avoid a regulatory vacuum that would result from a suspension, BLM proposes to republish and reinstate as a final rule the rules that were in place on January 19, 2001, the day before the revised rules became effective.

DATES: You must submit your comments to BLM at the appropriate address below on or before May 7, 2001. BLM will not necessarily consider any comments received after the above date in making its decisions on the final rule.
