Approval and Promulgation of Implementation Plans and Operating Permits Program; State of Missouri

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve a revision to the Missouri State Implementation Plan (SIP) and Operating Permits Program. EPA proposes to approve a revision to the Missouri rule entitled "Submission of Emission Data, Emission Fees, and Process Information." These revisions will establish emission fees for the Missouri facilities as required annually, align state rule reporting requirements with the Federal Consolidated Emission Reporting Rule, and decrease the required Emissions Inventory Questionnaire reporting frequency for affected installations.

DATES: Comments on this proposed action must be received in writing by October 15, 2008.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R07-OAR-2008-0614, by mail to Amy

Algoe-Eakin, Environmental Protection Agency, Air Planning and Development Branch, 901 North 5th Street, Kansas City, Kansas 66101. Comments may also be submitted electronically or through hand delivery/courier by following the detailed instructions in the **ADDRESSES** section of the direct final rule located in the rules section of this **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Amy Algoe-Eakin at (913) 551-7942, or by e-mail at algoe-eakin.amy@epa.gov.

SUPPLEMENTARY INFORMATION: In the final rules section of the **Federal Register**, EPA is approving the state's SIP revision and Title V revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no relevant adverse comments to this action. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated in relation to this action. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed action. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on part of this rule and if that part can be severed from the remainder of the rule, EPA may adopt as final those parts of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule which is located in the rules section of this **Federal Register**.

Dated: September 4, 2008.

RIN 2060-AO13

Revision of Source Category List for Standards Under Section 112(k) of the Clean Air Act; and National Emission Standards for Hazardous Air Pollutants for Area Sources: Ferroalloys Production Facilities

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is revising the area source category list by changing the name of the ferroalloys production category to clarify that it includes all types of ferroalloys. We are also adding two additional products (calcium carbide and silicon metal) to the source category. Because calcium carbide and silicon metal production involve the use of equipment and processes similar to those employed in ferroalloy production, we are proposing to address these two products as part of the ferroalloys production category. EPA is also proposing national emissions standards for control of hazardous air pollutants for area source ferroalloys production facilities. The proposed emissions standards for new and existing sources are based on EPA's proposed determination as to what constitutes the generally available control technology (GACT) or management practices for the source category. We are proposing to exempt the ferroalloys production area source categories from title V permitting requirements.

DATES: Comments must be received on or before October 15, 2008, unless a public hearing is requested by September 25, 2008. If a hearing is requested on these proposed rules, written comments must be received by October 30, 2008. Under the Paperwork Reduction Act, comments on the information collection provisions must be received by the Office of Management and Budget (OMB) on or before October 15, 2008.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA-HQ-OAR-2008-0154. All documents in the docket are listed in the Federal Docket Management System index at <http://www.regulations.gov>.
