This map is for informational purposes only. The U.S. Environmental Protection Agency's (EPA) RE-Powering America's Land Initiative developed this map using site information, screening criteria and GIS data provided by EPA and the National Renewable Energy Laboratory. California Department of Toxic Substances Control (DTSC) provided additional information for sites. Supplemental site-specific technical and economic analysis is required to determine the renewable energy development potential for specific sites. For further information, please see the associated document entitled, "Data Documentation for Mapping & Screening Criteria" at www.epa.gov/renewableenergyland.
