# THE 40<sup>TH</sup> P3S CONFERENCE & EXHIBITION

## CHAIR'S MESSAGE:

**W**e have a great training conference available to you this year! When I reflect on the past 20 years that I have been active on the P3S Committee, I realize that the training and connections I've obtained through the Committee and the Annual P3S Conference have significantly contributed to my growth and success in the environmental protection field. I am sure many "P3S veterans" have shared this experience.

In keeping with P3S Committee tradition, this year's Conference is designed to be a high-quality, high-value event offering essential training in a forum that facilitates networking with other professionals in the field.

The Conference is being held in the beautiful Napa Valley at the Napa Valley Marriott. The Marriott prides itself on providing exemplary service both for conference events and guests of the hotel.

Scheduled training sessions will cover topics to benefit all attendees, from entry-level field staff to experienced managers, and the signature event at Artesa Winery will offer valuable opportunities to connect with peers from throughout the industry. You'll also be able to view exhibits and meet leading vendors of equipment and services.

*All we need to make this event a complete success is you!*

Join us in Napa to take advantage of this tremendous professional development opportunity, to receive valuable training, and to enjoy making new friendships and connections that will last for years to come.

I look forward to seeing you in Napa!

A handwritten signature in black ink that reads "Timothy Potter".

– **Tim Potter**, Chair, P3S Committee
