Join federal, state, and tribal drinking water and wastewater agencies, utilities and associations at a regional forum to discuss sustainable infrastructure and effective utility management. This forum will focus on the attributes of well managed utilities and speakers will address innovative treatment strategies, technologies, management approaches, and emerging issues.

Share ideas and information about:

- ASSET MANAGEMENT and FINANCING
- ENERGY SELF-SUFFICIENCY
- PERFORMANCE IMPROVEMENTS
- LONG-TERM WATER SUPPLY and WASTEWATER TREATMENT CAPACITY
- PLANNING WITH A GROWTH COMPONENT
- IMPACTS OF GLOBAL CLIMATE CHANGE ON WATER SUPPLY PLANNING

If you need a reasonable accommodation, please contact Terisa Williams at (415) 972-3829 or Williams.terisa@epa.gov.
