Background

- Enacted in 1931 and amended in 1935 & 1964.
- Applies to Federal construction contracts over \$2,000.
- The Act is “site-based”.
- Covers alteration, repair, painting & decorating activities.
- Applies to laborers & mechanics.
- Requires payment of prevailing wages.
- Requires weekly payment of wages.

Davis-Bacon Related Acts

- Davis-Bacon requirements extend to numerous “Related Acts” that provide federal assistance:
 - ✓ Grants/Cooperative Agreements
 - ✓ Loans
 - ✓ Loan guarantees
 - ✓ Insurance

Cleanup Activities Subject to DBA

- Excavation of Contaminated Soils
- Construction of Caps and Barriers
- Construction of structures to house treatment equipment
- Abatement of Contamination in Buildings (Some Exceptions)
- Demolition (if followed by new construction)
- Installing Water Supply Wells/Piping/Connections

Petroleum Cleanups

- Unless followed by paving or concrete replacement, the following petroleum cleanup actions generally don't trigger DBA:
 - ✓ Tank removal
 - ✓ In situ remediation
 - ✓ Soil excavation/replacement
 - ✓ Site assessment activities

Laborers and Mechanics

- Defined as workers whose duties are manual or physical in nature.
- Includes Apprentices, Trainees and Helpers
- Job types not covered:
 - ✓ Supervisory position at the job site (<20% time in skilled labor)
 - ✓ Clerical
 - ✓ Professionals
 - ✓ Volunteers

Site of the Work

- Davis-Bacon applies only to laborers and mechanics employed “directly upon the site of the work.”
- Site of the work is:
 - ✓ Your Brownfields site
 - ✓ Physical place remediation occurs
 - ✓ Other site where significant portion of remediation occurs, when established specifically for the contract.
 - ✓ Job HQ, tool yards, batch plants, borrow pits, etc., if they are:
 - Located adjacent or virtually adjacent to the “site of work” and dedicated exclusively or nearly so to the performance of the contract or project.

Davis-Bacon Process

- Cleanup Planning - Prevent labor and budget problems, set up protocols to ensure compliance
- Cleanup Period - Follow posting, payroll, and monitoring protocols
- Post Cleanup - Document payroll and certifications, and retain records

Planning Step #1

- Refer to the terms and conditions of your cooperative agreement.
- Identify if DBA applies to your remediation tasks.
- Remember that the Davis-Bacon Act is “site-based”
- Identify the project State and County

Planning Step #2

- Obtain Wage Determinations – Available at <http://www.wdol.gov> Wage Determinations online
 - ✓ Specific to geographic area (county or a group of counties)
 - ✓ Specific to 4 types of construction: Residential, Building, Highway, Heavy
 - ✓ Modified periodically
 - ✓ Include in bid documents and contract for construction
- For Non-Government subgrantee (non-profits), EPA DBA contact must concur on wage determination.

Planning Step #3

- Construction Types
 - ✓ **Residential** – houses, townhouses, and apartments up to 4 stories
 - ✓ **Building** – most other structures and apartments over 4 stories
 - ✓ **Highway** - roadways, sidewalks, parking areas, etc.
 - ✓ **Heavy** - other projects, generally public works
 - Examples include dredging, water/sewer lines, parks and playgrounds, dams, major bridges, and flood control.
- Most Brownfields cleanups will be classified as “Heavy” except for asbestos or lead paint removal which would most likely be classified as “Building”.

Planning Step #4

- Verify prime contractor and all subcontractor eligibility against GSA Debarment List.
- On-line access at: <http://epls.arnet.gov>.
- Make record of verification to contract file.
- Bid/contract documents (including RFPs) must contain:
 - ✓ Applicable Davis-Bacon Wage Determination
 - ✓ Federal labor standards clauses

Wage Determination “Lock-In”

- Competitive bidding: Modifications published less than 10 days before bid opening may be disregarded if insufficient time to notify bidders, and a report is made to contract file.
- Lock-in at bid opening provided contract is awarded within 90 days.
- Must update wage determination if contract award is more than 90 days after bid opening.
- Once a Davis-Bacon wage rate has been “locked,” it stays in effect for the duration of the project.

Federal Government Role

- EPA - Responsible for enforcement of Davis-Bacon and Davis-Bacon related acts for your RLF.
- DOL – Establishes regulations and investigates compliance.

RLF Recipient Role

- Obtain wage determinations from DOL.
- Ensure all bid/contract documents contain wage determination and labor provisions (prime and subcontractors).
- Ensure no contracts are awarded to ineligible contractors.
- Ensure submission of certified payrolls.

RLF Recipient Role

- Conduct onsite interviews with laborers and mechanics
 - ✓ Within 2 weeks of initial and final payrolls.
- Conduct spot-check payrolls/related records
 - ✓ Within 2 weeks of initial and final payrolls.
- Periodically review use of apprentices and trainees.
- Report potential violations.
- Maintain full documentation (3 years).
- Grant recipients may request exceptions to the frequency of payroll spot checks and interviews.

Contractor/Subcontractor Role

- Each contract subject to Davis-Bacon must contain labor standards and the applicable wage determination.
- Labor standards describe contractor responsibilities.
- Labor standards provide remedies for noncompliance.
- Labor standards are included as part of the terms and conditions of the cooperative agreement.

Prime Contractor Role

- Prepares and submits certified payrolls for its own employees.
- Submits certified payrolls for all subcontractor employees.
- Reviews wage determination and requests additional classifications when needed.
- Provides subcontractors with forms and guidance concerning Davis-Bacon requirements.
- Provides Davis-Bacon Poster and interviewer confidential access to employees on site.
- Instructs lower-tier subcontractors of their responsibilities.

Subcontractor Role

- Prepares & submits certified payrolls each week for its own employees.
- Instructs any lower-tier subcontractors of responsibilities.
- Reviews wage determination and requests additional classifications if needed.
- Provides Davis-Bacon Poster and interviewer confidential access to employees on-site.

If Federal and State Wages Apply

- Contract must contain both Federal and State wage decisions/contract standards.
- Employers must pay higher of two rates.
- Payrolls must carry Federal statement of compliance (reverse of payroll form WH-347).

Job Site Postings

- Notice to All Employees (WH1321)
- Protected from elements
- Accessible to all laborers and mechanics
- Easy for all parties to see

EMPLOYEE RIGHTS UNDER THE DAVIS-BACON ACT

FOR LABORERS AND MECHANICS EMPLOYED ON FEDERAL OR FEDERALLY ASSISTED CONSTRUCTION PROJECTS

THE UNITED STATES DEPARTMENT OF LABOR WAGE AND HOUR DIVISION

PREVAILING WAGES	You must be paid not less than the wage rate listed in the Davis-Bacon Wage Decision posted with this Notice for the work you perform.
OVERTIME	You must be paid not less than one and one-half times your basic rate of pay for all hours worked over 40 in a work week. There are few exceptions.
ENFORCEMENT	Contract payments can be withheld to ensure workers receive wages and overtime pay due, and liquidated damages may apply if overtime pay requirements are not met. Davis-Bacon contract clauses allow contract termination and debarment of contractors from future federal contracts for up to three years. A contractor who falsifies certified payroll records or induces wage kickbacks may be subject to civil or criminal prosecution, fines and/or imprisonment.
APPRENTICES	Apprentice rates apply only to apprentices properly registered under approved Federal or State apprenticeship programs.
PROPER PAY	If you do not receive proper pay, or require further information on the applicable wages, contact the Contracting Officer listed below:

or contact the U.S. Department of Labor's Wage and Hour Division.
