Re: Notice of Completion
Administrative Settlement Agreement and Order on Consent
CERCLA Docket No. 01-2007-0163
Centredale Manor Restoration Project Superfund Site
North Providence, Rhode Island

Dear Jeff:

This letter is written to you in your capacity as the designated Project Coordinator for the Work performed pursuant to the Administrative Settlement Agreement and Order on Consent, CERCLA Docket No. 01-2007-0163 (the "Settlement Agreement"), which was signed by the Director of the Office of Site Remediation and Restoration on September 25, 2007.

Pursuant to your September 2, 2010 Notice of Completion of Work, EPA has determined that Emhart Industries, Inc. ("Emhart") has fully performed certain studies and investigations in accordance with the Settlement Agreement, and that all goals of the Settlement Agreement and the Statement of Work have been satisfied.

Please be advised that this determination does not constitute a release from liability, covenant not to sue, or waiver of any claims which EPA may have against Emhart. In addition, be advised that this determination does not limit EPA's authority under CERCLA or any other law to conduct future response actions at the Centredale Manor Restoration Project Superfund Site ("Site"). EPA reserves all rights with respect to the Site including, but not limited to, the right to initiate judicial or administrative enforcement actions, the right to recover costs incurred by the United States in connection with the Site, and the right to undertake further response actions and recover the costs of such actions from Emhart or any other responsible parties. Finally, please

note that Emhart is subject to continuing obligations pursuant to the Settlement Agreement (e.g., record preservation).

If you have any questions, please call me at 617-918-1232.

Sincerely,

Anna Krasko
Remedial Project Manager
