RE: Centredale Manor Restoration Project Superfund Site, North Providence, Rhode Island

Dear Ms. Krasko,

This correspondence is written pursuant to your letter dated 9 March 2000 requesting ARARs for the upcoming Non-Time-Critical Removal Actions at the Centredale Manor Restoration Project Superfund Site. As a result, please find attached a list of potential ARARs for the site. Although it is difficult to determine action-specific ARARs at this early stage, I have also included them with the understanding that their applicability will be determined with certainty when the qualified technologies are chosen.

If you have any questions please contact me at (401) 277-4700, extension 7141.

Sincerely,

Matthew D. DeStefano, Senior Engineer
Office of Waste Management
