Activity	<u>START SOTF Team 5 Activity:</u> SOTF#5 Brian Ross (START), Tetra Tech Team E Lead Weldon Evans, Luke Hodges from Stantec on Leica, and Travis our boat captain performed poling at 36 locations within the delta from 09:35 to 17:30. 22 locations had a category of light, 14 were moderate. Our team was tasked with mainly re polling locations that earlier this year had recorded sediment temperatures that were too cold to have a true reading taken. Today's activities went well. The weather was hot with sunny skies and approximately 90 degrees. The team took shelter from 10:00 – 11:30 for thunderstorms. Locations categorized as heavy or moderate were not further delineated.
