Sites in Continued Use

Kurt Manufacturing Co. Superfund Site

5280 Main Street NE, Fridley, Minnesota 55421

Site Name: Kurt Manufacturing Co. Superfund Site

Size: A 140-foot bedrock well covering 10 acres

Supported Site Uses:

Industrial

Existing Site Infrastructure:

All major utilities are available on the site.

Readiness for Use:

Continued use:

The Kurt Manufacturing Co. facility is in operation on the site. Kurt Manufacturing Co. is a precision machining and metal fabrication plant that has operated at the Fridley site since 1960.

Fridley, Minnesota

The site is located in Fridley, Anoka County, Minnesota, approximately one mile from the Mississippi River.

SETTING:

- The site is zoned for Heavy Industrial land uses.
- Active land uses on the site are industrial.
- The site is bounded on the west by a railyard, on the north and south by industrial manufacturing, and by residential property on the east side.
- Surrounding population: 0.5 mile, 2,590 people; 2.5 miles, 22,560 people; 4 miles, 128,117 people.

REMEDIAL STATUS:

- Construction of the site's remedy is complete, and included excavating and capping a metal shaving bin sump that was the source of ground water contamination. A ground water pump and treat system was installed. Ground water monitoring is ongoing.
