Dear Mr. Miller:

We wish to inform you that the draft Prevention of Significant Deterioration (PSD) permit for greenhouse gas emissions and the permit statement of basis have been completed for the Air Liquide Bayou Cogeneration Plant. The public notice for the draft permit starts on Thursday, August 29, 2013 and will end on Saturday, September 28, 2013. A copy of both the draft permit and statement of basis are enclosed, and also will be made available to the public for review at the Harris County Public Library, La Porte Branch and our website (<http://yosemite.epa.gov/r6/Apermit.nsf/AirP>.)

In the public notice we have planned for a public hearing on Monday, October 7, 2013 from 6:00 pm to 8:00 pm. If the public hearing is held, the public comment period shall automatically be extended to the close of the public hearing. The public hearing is scheduled for the following location:

Harris County Public Library, La Porte Branch

However, if no request for a public hearing is received by Monday, September 23, 2013, or we determine that there is not a significant interest, the hearing will be cancelled. If the hearing is cancelled, we will notify you and the public by Wednesday, September 25, 2013.

If you have any questions, please feel free to contact me or Jeff Robinson at (214) 665-6435.
