PUBLIC NOTICE

DCP Midstream, LP, Jefferson County NGL Fractionation Plant

**ANNOUNCEMENT OF PROPOSED PERMIT AND PUBLIC HEARING, AND REQUEST FOR
PUBLIC COMMENT OF PROPOSED CLEAN AIR ACT GREENHOUSE GAS PREVENTION OF
SIGNIFICANT DETERIORATION PRECONSTRUCTION PERMIT**

Public Comment Period August 7, 2013 to September 6, 2013

The United States Environmental Protection Agency (EPA) provides notice of and requests public comments on the EPA's proposed action relating to the Prevention of Significant Deterioration (PSD) permit application for the DCP Midstream, LP, Jefferson County NGL Fractionation Plant. If finalized, the permit would regulate greenhouse gas (GHG) pollutant emissions associated with the project to construct two new natural gas liquids (NGL) fractionation trains to separate a NGL feed into separate ethane, propane, butane, isobutane, and gasoline fractions. The permit would also regulate greenhouse gas (GHG) pollutant emissions associated with the project to construct a deisobutanizer (DIB) unit, for each train, to separate isobutane and normal butane from mixed butane streams, in accordance with the PSD regulation (40 CFR 52.21). The proposed construction will occur at Hillebrandt Rd, Beaumont, TX 77707.

Under the provisions of 40 CFR 52.21 (except paragraph (a)(1)), EPA Region 6 implements a greenhouse gas PSD Federal Implementation Plan (FIP) for Texas. *See 40 CFR 52.2305*. As the project will result in increased greenhouse gas emissions for a facility described at 40 CFR 52.21(b)(49)(v), EPA concludes that the application is subject to PSD review for GHG emissions. The construction of the NGL fractionation plant covered by the draft permit is composed of the following emission sources: two hot oil heaters, two regeneration heaters, one flare, two thermal oxidizers, one firewater pump engine, one emergency generator engine, two analyzer catalytic oxidizers, and process fugitives.

Any interested individual may submit written comments on EPA's proposed PSD permit for the DCP project. All comments must be received in writing by September 6, 2013 or postmarked by September 6, 2013 to Aimee Wilson at one of the following addresses:

EPA will consider and respond to all comments in making the final decision regarding the issuing of the permit. Similar comments may be grouped together in the response, and the EPA will not respond to individual commenters directly.

Additionally, all comments will be included in the administrative record without change, and may be made available to the public, including any personal information provided, unless the comment includes Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Thus, CBI or other protected information should be clearly identified as such, and should not be submitted through email. Emails sent directly to the EPA will capture your email address automatically and will be included as a part of the public comment. *Please note that an email or postal address must be provided with your comments if you wish to receive responses to comments submitted during the public comment period and direct notification of EPA's final decision regarding the permit.*

An extension of the 30-day comment period may be granted if the request for an extension adequately demonstrates why additional time is required to prepare comments.

Public Hearing: If EPA determines that there is a significant amount of public interest in the draft permit, the EPA has the right to hold a public hearing. Any request for a public hearing must be received by the EPA either by email or mail by August 29, 2013, and must state the nature of the issues proposed to be raised in the hearing. Attendance at the public hearing is not required in order to submit written comments. *If the EPA determines that there is significant public interest*, a public hearing will be held on September 18, 2013 from 6:00 p.m. to 8:00 p.m. at the following location:

Theodore R. Johns Library
4255 Fannett Road
Beaumont, TX 77705
(409) 842-5223

If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing. The EPA maintains the right to cancel a public hearing if no request for a public hearing is received by August 29, 2013, or the EPA determines that there is not a significant interest. *If the public hearing is cancelled*, notification of the cancellation will be posted by September 4, 2013 on the EPA's Website <http://yosemite.epa.gov/r6/Apermit.nsf/AirP>. Individuals may also call the EPA at the contact number listed above to determine if the public hearing has been cancelled.

Permit Documents: EPA's draft permit, EPA's preliminary determination and statement of basis, DCP's permit application and supporting documentation, and comments received from the public, other government agencies, and the applicant during the public comment period become part of the administrative record for the permit. In addition, all data submitted by the applicant is available as a part of the administrative record. The public can access the administrative record at the following locations (please call in advance for available viewing times):

Theodore R Johns Library
4255 Fannett Road
Beaumont, TX 77705
