Diamond Shamrock Refining Company, L.P.
Valero McKee Refinery
Prevention of Significant Deterioration Permit for Greenhouse Gas Emissions
PSD-TX-861-GHG

Summary of Revisions in Final Permit

U.S. Environmental Protection Agency
September 11, 2013

Summary of the Formal Public Participation Process

The U.S. Environmental Protection Agency, Region 6 (EPA) proposed to issue a Prevention of Significant Deterioration (PSD) permit to the Diamond Shamrock Refining Company, L.P. on August 4, 2013. The public comment period on the draft permit began August 4, 2013 and closed on September 3, 2013. EPA announced the public comment period through a public notice published in *Moore County News-Press* on August 4, 2013 and on Region 6's website. EPA also notified agencies and municipalities on July 29, 2013 in accordance with 40 CFR Part 124.

The Administrative Record for the draft permit was made available at EPA Region 6's office. EPA also made the draft permit, Statement of Basis and other supporting documentation available on Region 6's website, and available for viewing at the Britain Memorial Library in Sunray, TX.

EPA's public notice for the draft permit also provided the public with notice of the public hearing. The public notice stated that "Any request for a public hearing must be received by the EPA either by email or mail by August 27, 2013, and must state the nature of the issues proposed to be raised in the hearing...EPA maintains the right to cancel a public hearing if no request for a public hearing is received by August 27, 2013, or the EPA determines that there is not a significant interest. If the public hearing is cancelled, notification of the cancellation will be posted by August 29, 2013 on the EPA's Website <http://yosemite.epa.gov/r6/Apermit.nsf/AirP>. Individuals may also call the EPA at the contact number listed above to determine if the public hearing has been cancelled." EPA did not receive any written comments concerning the draft permit during the comment period, and did not receive any written requests for a public hearing. EPA posted its announcement that there would not be a hearing on August 29, 2013.

Revisions in Final Permit

The following is a list of administrative and clarifying changes for the *Diamond Shamrock Refining Company, L.P., Valero McKee Refinery (PSD-TX-861-GHG) Prevention of Significant Deterioration Permit, Final Permit Conditions*.

1. Cover Sheet

The cover sheet titled "Prevention of Significant Deterioration Permit for Greenhouse Gas Emissions Issued Pursuant to the Requirements at 40 CFR §52.21" has been modified to state the following:

In accordance with 40 CFR §124.15(b)(3), this PSD Permit becomes effective 30 days after the service of notice of this final decision unless review is requested on the permit pursuant to 40 CFR §124.19 immediately upon issuance of this final decision.

This administrative change is made as a result of not receiving any comments during the comment period related to this action.

National Historic Preservation Act (NHPA)

On August 7, 2013, EPA sent a letter to the State Historic Preservation Officer (SHPO) requesting concurrence on EPA findings for ExxonMobil's cultural survey. The SHPO sent a letter with concurrence to the EPA on September 9, 2013.
