Hyland Center and Impact Early College High School. The Hearing will be held on Monday, August 13, 2012, at the Goose Creek CISD Administration Building, 6:30 P.M., 4544 Interstate 10, Baytown, Texas

AUDIENCIA PUBLICA

La Mesa Directiva Del Distrito Escolar Independiente Consolidado de Goose Creek tendra una audiencia publica en relacion con El Programa Escolar Flexible para El Centro de Peter E. Hyland and Impact Early College High School. La audiencia se llevara a cabo El Lunes, 13 de Agosto Del 2012, en El Edificio de La Administracion de Goose Creek, 4544 Interstate 10 Baytown, Texas a Las 6:30 PM.

PUBLIC NOTICE

Enterprise Products Operating LLC, Mont Belvieu Complex ANNOUNCEMENT OF PROPOSED PERMIT AND PUBLIC HEARING, AND REQUEST FOR PUBLIC COMMENT OF PROPOSED CLEAN AIR ACT GREENHOUSE GAS PREVENTION OF SIGNIFICANT DETERIORATION PRECONSTRUCTION PERMIT

Public Comment Period August 8, 2012 - September 10, 2012

The United States Environmental Protection Agency (EPA) provides notice of and requests public comment on the EPA's proposed action relating to the Prevention of Significant Deterioration (PSD) permit application for the Enterprise Mont Belvieu Complex. EPA is issuing notice of a draft PSD permit for the Enterprise facility in accordance with the PSD regulation (40 CFR 52.21) that if finalized would regulate the greenhouse gas (GHG) air pollutant emissions associated with the project to construct two new fractionation units and a deisobutanizer unit. The installation of the new equipment will occur at the existing facility, which is located at the following address: 10207 FM 1942 Mont Belvieu, TX 77580.

Under the provision of 40 CFR 52.21 (except paragraph (a)(1)), EPA Region 6 implements a GHG PSD Federal Implementation plan for Texas. See 40 CFR 52.2305. As the project will result in increased greenhouse gas emissions for a facility described at 40 CFR 52.21 (b)(49)(iv), EPA concludes that Enterprise's application is subject to PSD review for the pollutant GHGs. The proposed project will consist of the construction of a deisobutanizer unit and two new fractionation units that will include a new flare, ancillary tanks, cooling towers, two deethanizer distillation columns, two debutanizer distillation columns, two natural gas fired hot oil heaters, and two natural gas fired regenerant gas heaters.

Any interested individual may submit written comments on EPA's proposed PSD permit for the Enterprise project. All comments must be received in writing by September 10, 2012 or postmarked by September 10, 2012 to Aimee Wilson at one of the following addresses:

EPA Contact: Aimee Wilson, Phone Number: (214) 665-7596
