

US EPA ARCHIVE DOCUMENT

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

REGION 6
1445 ROSS AVENUE, SUITE 1200
DALLAS TX 75202-2733

NOV 25 2013

Mr. Jeffrey K. Kovacs, P.E.
Environmental Section Supervisor
ExxonMobil Chemical Company
5000 Bayway Drive
Baytown, TX 77522

Dear Mr. Kovacs:

In accordance with the Clean Air Act (CAA), as amended (42 U.S.C. 7401 et seq.), the U.S. Environmental Protection Agency has reviewed your application for a CAA Prevention of Significant Deterioration (PSD) for Greenhouse Gas Emissions permit authorizing the construction of a new ethylene production unit at the existing Baytown Olefins Plant.

The EPA issued and published requests for public comment regarding EPA's proposed action on the above application on June 7, 2013. During the comment period, EPA received one written comment letter from Sierra Club on July 8, 2013. After consideration of the pertinent Federal statutes, regulations, and additional material relevant to the application contained in our Administrative Record, the EPA hereby issues the enclosed PSD Permit for the facility described above. The final permit, Responses to Public Comments, and other key documents relevant to the final PSD permit are also available online at <http://yosemite.epa.gov/r6/Apermit.nsf/AirP>.

In accordance with 40 CFR §124.15(b), this PSD Permit becomes effective thirty (30) days from the date of service of notice of this permit decision unless a petition for review is properly and timely filed with the EAB. In the event that a petition for review is filed with the EAB, construction of the facility is not authorized under this PSD permit until resolution of the EAB petition(s). If you have any questions regarding this matter, please contact Mr. Jeff Robinson, Chief, Air Permits Section at (214) 665-6435.

Sincerely,

A handwritten signature in blue ink that reads "Wren Stenger".

Wren Stenger
Director
Multimedia Planning and
Permitting Division
