INVISTA S.à.r.l., West Powerhouse, Victoria Plant, Victoria  
ANNOUNCEMENT OF PROPOSED PERMIT AND PUBLIC HEARING, AND REQUEST FOR  
PUBLIC COMMENT OF PROPOSED CLEAN AIR ACT GREENHOUSE GAS PREVENTION OF  
SIGNIFICANT DETERIORATION PRECONSTRUCTION PERMIT

Public Comment Period March 15, 2013 to April 15, 2013

The United States Environmental Protection Agency (EPA) provides notice of and requests public comments on the EPA's proposed action relating to the Prevention of Significant Deterioration (PSD) permit application for the INVISTA S.à.r.l., West Powerhouse (WPH) in the Victoria Plant, Victoria, Texas. If finalized, the EPA's issuance of a PSD permit would regulate greenhouse gas (GHG) pollutant emissions associated with the modification of the WPH boilers to install NO<sub>x</sub> controls, modernize the controls for energy efficiency, and replace boiler tubes to improve boiler efficiency in accordance with the PSD regulation (40 CFR 52.21). The proposed construction will occur at the existing Victoria Plant facility, located at 2695 Old Bloomington Rd. North, Victoria, Texas 77905.

Under the provisions of 40 CFR 52.21 (except paragraph (a)(1)), EPA Region 6 implements a greenhouse gas PSD Federal Implementation Plan (FIP) for Texas. *See 40 CFR 52.2305*. As the proposed project represents a major modification to an existing major source and significant increase in greenhouse gas (GHG) emissions as described at 40 CFR 52.21 (b)(49)(v), EPA concludes that INVISTA S.à.r.l.'s application is subject to PSD review for the pollutant GHG emissions. The modification of the WPH covered in the draft permit has the following emission sources, 4 boilers and fugitives associated with piping changes for the NO<sub>x</sub> controls.

Any interested individual may submit written comments on EPA's proposed PSD permit for the WPH project. All comments must be received in writing by April 15, 2013 or postmarked by April 15, 2013 to Bonnie Braganza at one of the following addresses:

EPA will consider and respond to all comments in making the final decision regarding the issuing of the permit. Similar comments may be grouped together in the response, and the EPA will not respond to individual commenters directly.

Additionally, all comments will be included in the administrative record without change, and may be made available to the public, including any personal information provided, unless the comment includes Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Thus, CBI or other protected information should be clearly identified as such, and should not be submitted through email. Emails sent directly to the EPA will capture your email address automatically and will be included as a part of the public comment. *Please note that an email or postal address must*

*be provided with your comments if you wish to receive responses to comments submitted during the public comment period and direct notification of EPA's final decision regarding the permit.*

An extension of the 30-day comment period may be granted if the request for an extension adequately demonstrates why additional time is required to prepare comments.

**Public Hearing:** If EPA determines that there is a significant amount of public interest in the draft permit, the EPA has the right to hold a public hearing. Any request for a public hearing must be received by the EPA either by email or mail by April 9, 2013, and must state the nature of the issues proposed to be raised in the hearing. Attendance at the public hearing is not required in order to submit written comments. *If the EPA determines that there is significant public interest*, a public hearing will be held on April 23, 2013 from 5:30pm. to 7:30 pm. at the following location:

Victoria Public Library  
302 N. Main St.,  
Victoria, TX 77901.  
(361) 485-3302

If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing. The EPA maintains the right to cancel a public hearing if no request for a public hearing is received by April 9, 2013 or the EPA determines that there is not a significant interest. *If the public hearing is cancelled*, notification of the cancellation will be posted by April 11, 2013 on the EPA's Website <http://yosemite.epa.gov/r6/Apermit.nsf/AirP>. Individuals may also call the EPA at the contact number listed above to determine if the public hearing has been cancelled.

**Permit Documents:** EPA's draft permit, EPA's preliminary determination and statement of basis, INVISTA's permit application and supporting documentation, and comments received from the public, other government agencies, and the applicant during the public comment period become part of the administrative record for the permit. In addition, all data submitted by the applicant is available as a part of the administrative record. The public can access the administrative record at the following locations (please call in advance for available viewing times)
