Mr. Gary Clark, Asset Manager
Lon C. Hill, L.P.
919 Milam St.
Suite 2300
Houston, TX 77002

Dear Mr. Clark:

In accordance with the Clean Air Act (CAA), as amended (42 U.S.C. 7401 et seq.), the U.S. Environmental Protection Agency has reviewed your application for a CAA Prevention of Significant Deterioration (PSD) for Greenhouse Gas Emissions permit authorizing the construction of the Lon C. Hill Power Station (LCHPS) combustion turbine generating facility.

The EPA issued and published requests for public comment regarding EPA's proposed action on the above application on September 18, 2014. During the public comment period, EPA did not receive any comments. After considering the pertinent Federal statutes, regulations, and material relevant to the application contained in the Administrative Record, the EPA hereby issues the enclosed PSD Permit for the facility described above. The final permit and other key documents relevant to the final PSD permit are also available online at <http://yosemite.epa.gov/r6/Apermit.nsf/AirP>.

In accordance with 40 CFR §124.15(b), this PSD Permit becomes effective immediately upon issuance of this final decision. If you have any questions regarding this matter, please contact Mr. Jeff Robinson, Chief, Air Permits Section at (214) 665-6435.

Sincerely,
