Tulsa, OK 74172

Dear Ms. Little:

We wish to inform you that the draft Prevention of Significant Deterioration (PSD) permit for greenhouse gas emissions and the permit statement of basis have been completed for the Corpus Christi Terminal-Condensate Splitter. The public notice for the draft permit starts on October 24, 2014 and will end on November 24, 2014. A copy of both the draft permit and statement of basis are enclosed, and also will be made available to the public for review at the City of Corpus Christi La Retama Central Library and our website (<http://yosemite.epa.gov/r6/Apermit.nsf/AirP>).

In the public notice we have planned for a public hearing on December 4, 2014 from 5:00 p.m. to 7:00 p.m. If the public hearing is held, the public comment period shall automatically be extended to the close of the public hearing. The public hearing is scheduled for the following location:

Oak Park Recreation Center Social Hall
842 Erwin Avenue
Corpus Christi, TX 78408
(361) 883-3912

However, if no request for a public hearing is received by November 18, 2014, or we determine that there is not a significant interest, the hearing will be cancelled. If the hearing is cancelled, we will notify you and the public by November 20, 2014.

If you have any questions, please feel free to contact me or Jeff Robinson at (214) 665-6435.

Sincerely,
