**RE: Request for Transfer of Permit Application to TCEQ
PSD Air Quality Permit, Greenhouse Gas Emissions
Unit 5, S.R. Bertron Electric Generating Station
LaPorte, Harris County, Texas
NRG Texas Power LLC**

RECEIVED - 6PDL
AIR PLANNING SEC.
14 MAY 16 PM 6:03

Dear Mr. Stenger:

NRG Texas Power LLC (NRG Texas) received your letter, dated March 27, 2014, requesting us to state our intentions to either proceed with EPA as our greenhouse gas (GHG) permitting authority or request a transfer of our pending GHG prevention of significant deterioration (PSD) permit to TCEQ. NRG Texas hereby selects to designate the TCEQ as our GHG PSD permitting authority and requests our GHG PSD permit application for our proposed Unit 5 electric generating facilities at the S.R. Bertron Electric Generating Station, and all relevant materials be transferred to TCEQ for final processing and issuance.

Should you have questions regarding this transition request, please do not hesitate to contact me at (713) 537-2146 or craig.eckberg@nrgenergy.com.

Sincerely,

Craig R. Eckberg
Senior Manager
Environmental Business
