Dear Mr. Clark:

We wish to inform you that the draft Prevention of Significant Deterioration (PSD) permit for greenhouse gas emissions and the permit statement of basis have been completed for the Victoria WLE, L.P., Victoria Power Station Project. The public notice for the draft permit starts on August 12, 2014 and will end on September 11, 2014. A copy of both the draft permit and statement of basis are enclosed, and also will be made available to the public for review at the Victoria Public Library and our website (<http://yosemite.epa.gov/r6/Apermit.nsf/AirP.>)

In the public notice we have planned for a public hearing on September 24, 2014 from 5:00 p.m. to 7:00 p.m. If the public hearing is held, the public comment period shall automatically be extended to the close of the public hearing. The public hearing is scheduled for the following location:

Victoria Public Library

However, if no request for a public hearing is received by September 3, 2014, or we determine that there is not a significant interest, the hearing will be cancelled. If the hearing is cancelled, we will notify you and the public by September 5, 2014.

If you have any questions, please feel free to contact me or Jeff Robinson at (214) 665-6435.
