Dear Dr. Garnett:

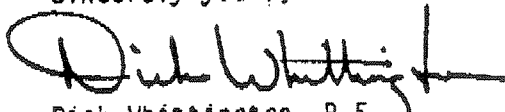

The revision to the Authorized Arkansas hazardous Waste Management Program, which you requested in your letter of July 1, 1985, has been approved. This approval includes federal regulations which were published on or before January 4, 1985, and adopted by reference by the State on May 24, 1985.

Revisions to the Arkansas Program Description, including use of the Uniform National Manifest, are also approved.

EPA has determined that these revisions do not constitute a substantial change to the authorized program. Authorization for these revisions are effective immediately.

Please let me know if I can be of further assistance.

Sincerely yours,

Dick Whittington, P.E.
Regional Administrator
