RCRA REVISION CHECKLIST 17

HSWA Codification Rule
50 FR 28702-28755
July 15, 1985
(HSWA Cluster I)

This codification rule incorporated numerous HSWA amendments to RCRA into the existing RCRA regulations. Since HSWA provides that States may seek authorization for selected provisions (instead of having to adopt all provisions simultaneously), this checklist has been subdivided into logical groupings of the HSWA early enactment provisions. There are 19 subsections to this checklist.

Note: The changes addressed by this checklist were superceded by Revision Checklist 23 (51 FR 10146, March 24, 1986). As this latter checklist is in the same cluster as 17 A, Arkansas has made the changes required by Revision Checklist 23 rather than those addressed by this present checklist. Both checklists are submitted at the same time as part of an application, but the entries in the State citation column on Revision Checklist 17 A direct the reviewer to Revision Checklist 23 rather than to a section of State code.
