Re: Application for Authorization, RCRA Cluster XIX

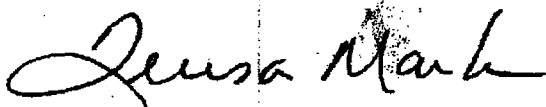

Dear Mr. Edlund:

I am forwarding for your approval Arkansas' final application for authorization for revisions to the Federal Hazardous Waste Management program which were promulgated between July 1, 2008, and June 30, 2009, collectively known as RCRA Cluster XIX, as well as updated checklists for components of Clusters XVI, XVII and XVIII, specifically RCRA checklists 211, 213, 214, 215, and 216.

Arkansas currently has final authorization for all components of and revisions to the federal RCRA program promulgated on or before June 30, 2006 (through RCRA Cluster XV). The enclosed Program Description appendix supplements the previous document submitted with the RCRA Clusters XVI, XVII, and XVIII application.

If you should have any questions or need more information, please contact Tom Ezell of my staff at (501) 682-0854 or by e-mail at ezell@adeq.state.ar.us.

Sincerely,

Teresa Marks
