RCRA REVISION CHECKLIST 58

Standards for Generators of Hazardous Waste
 53 FR 45089-45093
 November 8, 1988
 (Non-HSWA Cluster V)

The Office of Management and Budget has decided that printers and users of the manifest need not include the "burden disclosure statement" on the manifest if to do so places an additional burden on them. OMB encourages States that have already incorporated the statement to retain it, and encourages those who have not yet incorporated it to add it at a future date. However, the decision regarding whether or not to add the statement is entirely up to the State using the form. Thus, this checklist is optional.

RCRA REVISION CHECKLIST 59

Hazardous Waste Miscellaneous Units;
Standards Applicable to Owners and Operators
54 FR 615-617
January 9, 1989
(non-HSWA Cluster V)

Note: This is a correction and clarification of 52 FR 46946 (December 10, 1987) addressed by Revision Checklist 45. States are encouraged to adopt these corrections at the same time that the requirements for Revision Checklist 45 are adopted.

A June 22, 1989 (54 FR 26198) final rule amended the preamble of the December 10, 1987 rule addressed by Revision Checklist 45. Because this was the only change made by this final rule, a checklist was not developed for it, nor was it incorporated into this present checklist.

RCRA REVISION CHECKLIST 60

Amendment to Requirements for Hazardous Waste
Incinerator Permits
54 FR 4286-4288
January 30, 1989
(non-HSWA Cluster V)

In lieu of making the changes addressed by this checklist, a State may submit a certification by the State Attorney General that he/she interprets his/her State's existing regulations in the manner described in this rule. Such a simplified application is allowed because EPA is only clarifying current regulatory language, and the Agency assumes that these requirements are already in effect in most States. If a State Attorney General cannot certify that he/she interprets his/her State's existing regulations in the manner described in this rule, the State's regulations must be amended to reflect this clarification.
