RCRA REVISION CHECKLIST 107

Used Oil Filter Exclusion; Technical Corrections
 57 FR 29220
 July 1, 1992
 (RCRA Cluster III, HSWA provisions)

Note: 1) This revision checklist corrects typographical errors in the May 20, 1992 (57 FR 21524; Revision Checklist 104) final rule. This checklist is considered "conditionally optional" because it is linked to whether a State chooses to adopt the optional oil filter exclusion addressed by Revision Checklist 104. If a State does adopt this exclusion, it must also adopt the technical corrections addressed by Revision Checklist 107. If the State does not adopt this exemption (i.e., Revision Checklist 104), the State should not adopt Revision Checklist 107. States that adopt the Revision Checklist 104 provisions are encouraged to make the corrections addressed by this checklist at the same time.

2) Because no revisions were made to 261.4(b)(15)(i) - (iv) in the Federal Register, these citations are not included in this checklist.

- 1 There is an error in the Federal Register at 57 FR 30658. "Specific waste" should read "Specific wastes" as found in the 1991 CFR. Note that there is also an error in the July 1991 CFR for this citation; "characteristic of EP" should be "characteristic of EP."
- 2 There are several errors in the Federal Register for this citation. First, "such waste does not" should read "such wastes do not" and "261.4 of this chapter" should read "261.24 of this chapter" as they are found in the March 29, 1990 Federal Register and in the 1991 CFR. Second, "Waste Number" should be "Waste Numbers."
