[illegible]

*This column may be used to describe what State-initiated changes the State has made to its previously authorized program. The State should indicate the impact of the change on its authorized program; i.e, the State should explain whether the changes were made for **clarity**; the State remains/or is now **equivalent** or **more stringent**; or the State’s provision is **broader in scope**.

Remarks of the Independent Counsel: No State-initiated changes were made that would negatively impact the stringency or scope of its previously authorized program.
